Practice R Markdown

```
a <- 4 #both R code and outputs displayed  
a + 3
```

```
## [1] 7
```

```
## [1] 0.888
```

If we want to insert **R** values in your comments, we can use *dd* is equal to 0.89.

```
f <- 4 #only R code shown; outputs not displayed  
f + 3
```

1, 2, 3, 4
